HDMI extension cable 2m (M/F)

Description

HDMI extension cable 2m (M/F)

The 2 m long HDMI extension cable enables reliable high-quality picture and sound transmission. Thanks to the high-quality armor and copper conductors, it provides a stable signal without interference. Ideal for extending an existing HDMI cable.

Specification

- **Basic specifications**

- Cable type: HDMI extension cable
- Connectors:
 - HDMI male (HDMI 19M)
 - HDMI female (HDMI 19F)
- Length: 2000 mm (2 m) ±40 mm

- **Cable construction**

- Cable diameter: Ø 7.3 mm
- Conductor material: copper
- Armor: copper foil + braid (shield + drain)
- Insulation: PE
- External insulation: PVC (UL94V-0, fireproof)
- Color: black

- **Connectors and mechanics**

- Connector housing: nickel plated
- Manufacturing type: injection molded
- Female connector: with M3 screws (2 pcs) for fixing

HDMI extension cable 2m (M/F)

- **Electrical specifications (tests)**

1. Continuity test: 100% (open/short test)
2. Contact resistance: $\leq 50 \text{ m}\Omega$
3. Insulation resistance: $\geq 5 \text{ M}\Omega$
4. Hi-Pot test: DC 300V / 10 ms

- **PINOUT (connection)**

- All pins connected directly (1:1) between connectors
- Included signal lines, drain and shield
