

Description

Quality stereo audio cable with 3.5 mm jack connectors on both ends, ideal for connecting phones, laptops, tablets and other devices to speakers, headphones or car radio. Enables stable sound transmission without interference, with durable PVC insulation and flexible design for long-term use. The length of 2 meters provides practicality for everyday use, while precise wiring ensures clean and clear stereo sound.

Specification

- Product type: Audio cable (3.5 mm jack on both ends)
- Model: ST-3.5 / ST-3.5
- Cable length: 2000 mm \pm 40 mm (2 m)
- Color: Black

Connectors

- *P1 and P2 (both ends):*
 - Type: 3.5 mm stereo jack (TRS)
 - Material: Housing: PVC, black (45P)
- *Pinout (wiring):*
 - Pin 1 \rightarrow Pin 1
 - Pin 2 \rightarrow Pin 2
 - Pin 3 \rightarrow Pin 3(straight connect)

Cable

- Specification:
 - 2C + 2 (7/0.12TC) + S (46/0.10TC)
 - Outer diameter: 2.5 mm
- Material: Non-UL
- Length: 2000 mm
- Color: Black

TALIJA**

Audio cable (3.5 mm jack on both ends)

• **Components**

1. OUT-MOLD: PVC, black
2. IN-HOLD: PE
3. CONN 2: ST-3.5 female (black AU-shell), Ø8.0 mm
4. CONN 1: ST-3.5 male (black AU-shell), Ø6.0 mm
5. CABLE: as described above

• **Electrical specifications**

1. Open and short circuit test: 100% tested
2. Contact resistance: max 0.03 Ω
3. Insulation resistance: min 10 MΩ
4. Hi-Pot test: DC 300 V / 10 ms
5. Compliance: RoHS & REACH

• **Dimensions**

- Length of connector housing (P2): 25 ± 0.3 mm
- Cable outlet diameter: Ø 2.0 ± 0.3 mm
